What We Do

Pan-India Advisory

NCR, Bengaluru, Hyderabad, Mumbai

GCC & MNC Specialisation

Deep expertise in global capability centres

Single Point of Contact

From search through handover

In-house Legal & Fit-out Teams

No outsourcing the critical parts

Fortune 500 Track Record

Trusted by companies like yours

INDIA'S GCC MOMENT

Why global companies are accelerating India expansion right now

India is home to

1,700+ GCCs

employing 1.9M+ professionals — growing at 11% annually

Talent at Scale

Access 5M+ STEM graduates annually at 60% lower cost than Western markets

Time-Zone Advantage

12-hour overlap with US EST enables true follow-the-sun operations

Mature Ecosystem

World-class infra, mature legal framework & robust IP protection

Cost Efficiency

40–60% lower opex vs. US, UK or Singapore offices

Gurugram is India's #1 GCC destination — home to 600+ global capability centres.

THE CHALLENGE

What we hear from every GCC entering a new market:

“

**We need to be operational fast —
but we don't want to own the
problem.**

— Every GCC entering India

No CapEx Budget

Upfront fit-out costs run ₹2–5 Cr+ for 200 seats

Time is the Enemy

Traditional office setup takes 3–6 months minimum

Operations Distraction

FM, IT infra, vendors — none of this is your core job

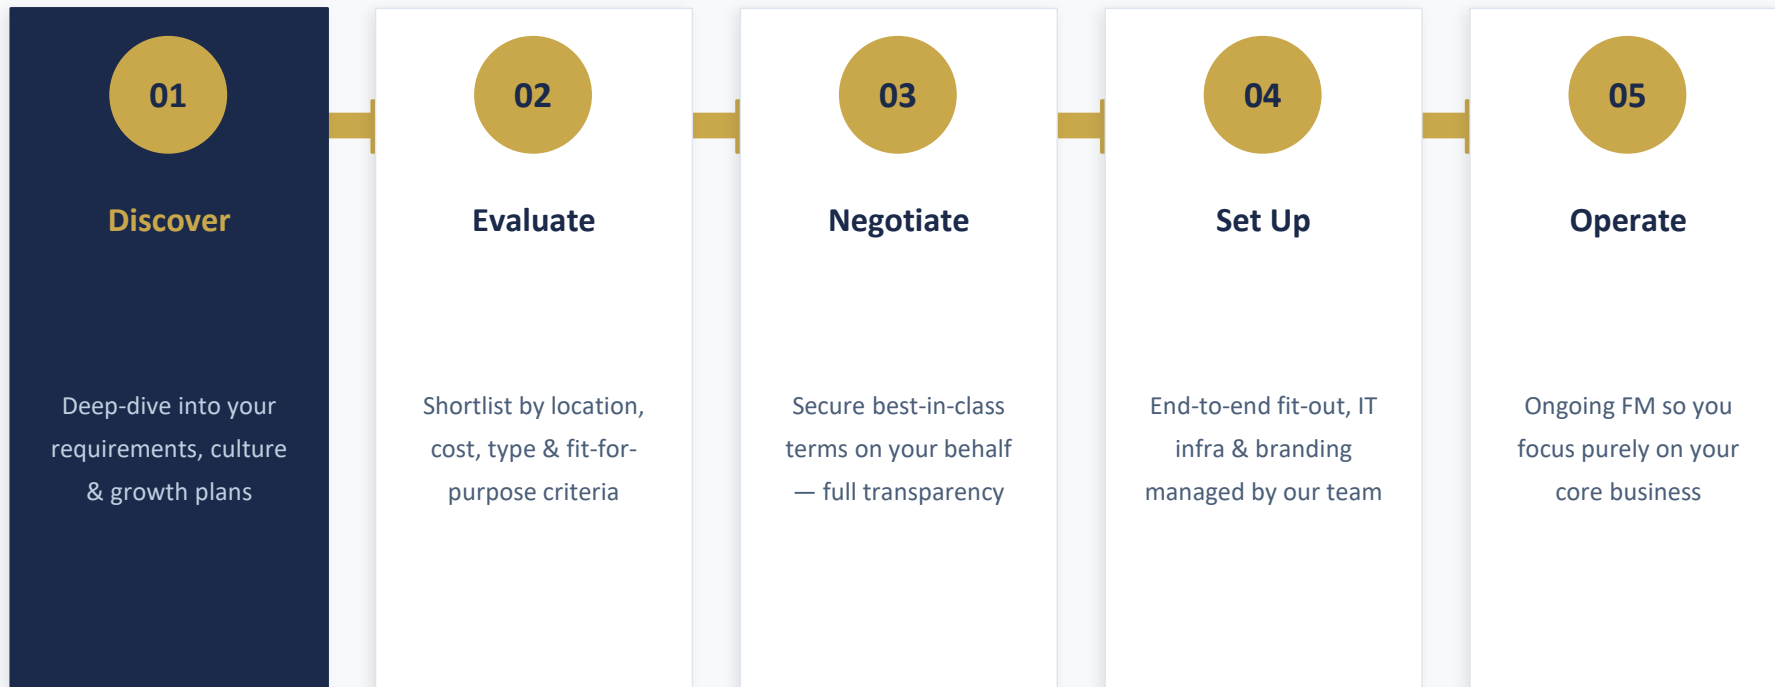

Unknown Territory

Local market, landlords, compliance — steep learning curve

HOW WE WORK

A consulting-led approach to every workspace mandate

WHAT WE'D LOVE TO UNDERSTAND

Before we propose anything, we listen. Here's what we'll work through on our first call:

1

Location:

Cyber City, Golf Course Road, Udyog Vihar, NH-48? Any micro-market preference?

2

Space Type:

Fully managed / operator-run, or are you open to furnished bare-shell with fit-out?

3

Area:

What density are you planning — open plan (80 sqft/seat) or collaborative (120–150)?

4

Budget:

Monthly per-seat budget in mind, or a total opex envelope for the India office?

5

Timeline:

When do you need to be operational? Is there a hard go-live date?

6

Scalability:

Are you planning to grow beyond your initial headcount in the next 12–24 months?

7

Amenities:

Parking ratio, cafeteria, server room, EV charging — any must-haves for the team?

WHY FIRSTLEASE?

01

Single-Window Service

Find · Design · Build — all under one roof. No vendor juggling.

02

Market Intelligence

Live data on Gurugram inventory, rents & vacancy. No guesswork.

03

Zero Cost to Client

Our fee is paid by landlords — not you. Always transparent.

04

Speed to Move-in

Pre-vetted shortlists within 72 hours of receiving your brief.

05

Negotiation Muscle

Best-in-market rent, fit-out allowance & TI terms guaranteed.

06

Post-Signing Support

Lease management, design handoff & FM advisory long after signing.

GURUGRAM OFFICE MARKET: 2026
